Hi Everyone –

Happy Tuesday. Please find attached a revised FR notice that goes along with the SLN comment document that you are currently reviewing. Would you mind looking it over as well? Most of it is boilerplate and/or language taken directly from the 24(c) comment document, therefore I'm hoping it will be an easy review. Rick is putting a lot of pressure on getting these document to Alex by COB today. I know how swamped you are, however would you mind providing comment?

I'm apologize upfront for asking for such a quick turnaround.

I hope all is well.

Subject: 24(c) Comment Document

Hi Everyone –

I hope you had a great weekend. Please find attached the updated version of the 24(c) comment document that incorporates your comments and some additional information. It has already been reviewed by Dan Rosenblatt, Mike Goodis and Rick Keigwin. Rick wants to send this up the chain early this week. Is there any chance you could look it over and provide me with any comments before noon tomorrow? I apologize for the last minute request (I know how busy everyone is). I'm hoping it will be an easy review, since we already incorporated your previous comments and the document is only 4 pages long. Please let me know if this is possible.

Thanks so much,
Bo
